

Dear Rick:

We can't thank you enough for building our dream home. The house has exceeded our expectations in every way and working with you and your team was a pleasure.

When we began the process of looking for a builder, it became quickly apparent to us that it wouldn't be easy to find a builder that would share our vision. We were building in a different style than most South Florida homes and with different materials. You impressed us with your desire to take on the project and your understanding of what we were trying to achieve.

The process went very smoothly with your direction. The time estimate to completion was almost perfect. Your timeline for our selections kept the project right on track. You were open to our ideas and helped us come up with some unique solutions. You were open to using different sub-contractors, where necessary. You were also respectful of our budget, an important factor in today's times.

The end result is truly beautiful. The quality of the build is fantastic. We would be happy to share our home with any future clients looking to use you and would unequivocally recommend you. In fact, we already have.

Thank you, we look forward to many years in our beautiful home.

Sincerely,

Brian and Maria F.
