

Dear Rick,

We can't believe it – we finished the house! The most magnificent dream home we could ever imagine. On schedule, as close to budget as possible – considering we had a lot of unanswered questions when we started.

It was a pleasure working with you, and if we ever build another home, you're the man and you're the company.

You and your staff are extremely competent, guiding us and helping us choose all of the sub-trades that we needed.

Hopefully our personal friendship will last for a long, long time.

Again, it was a pleasure working with you and with National Custom Homes.

Eleanor and Alvin S.
