

Dear Rick,

When we nervously started this project two years ago we were looking for a contractor who we could trust and one of course, did quality work. With you we got that and much, much more.

You and your entire staff have made the building of our home a most pleasurable experience. You all took the extra mile at every turn. In the office, Anita, Michelle and Linda were wonderful. You and your staff were always pleasant and willing and eager to help. Everything was always immediately addressed and nothing was ever a problem.

Russ too was wonderful and a pleasure to work with. Even my neighbor sang his praise telling me how terrific he was with any issue that she needed addressed and how nice he was to deal with. Glenn too has been great in helping with the finishing touches that need to be taken care of.

Rick, you have definitely lived up to and exceeded your reputation. Anyone who knows you; be a homeowner, subcontractor, designer, architect, etc. only has glowing things to say about you. All told us that we were in excellent hands and did not have to worry. We knew on that they were right.

We absolutely love our new home and are thrilled with how it has turned out. We are extremely grateful. Thank you for everything.

Sincerely,

Kenneth G.
