

Dear Rick,

Coming from a family of home builders and being a partner to a past President of the National Association of Home Builders, a little knowledge could be a scary thing. This fear was put to rest immediately when we contracted with you to build our new home.

Your professionalism, expertise and vast knowledge of everything you were asked put our minds at ease immediately. The wonderful relationships that you have developed over the years with your trades people was obvious. It reflected in the producing of the highest quality and most beautiful of homes. You and your wonderful staff work in a most professional manner always. Barry and Scott were truly an asset in expediting the detail and quality control that was needed to build truly another "National" masterpiece.

Rick, you were a man with great integrity, a true professional and a terrific builder. My wife and I would build again with you at any time. Thank you again for making this task a pleasure. Best wishes to you and the entire National staff.

Sincerely,

Peter and Patricia R.
